In the Night Garden - Live in Liverpool

The world premiere and nationwide tour of IN THE NIGHT GARDEN LIVE is to launch in one of Liverpool's most beautiful parks.

Visually stunning, IN THE NIGHT GARDEN LIVE is created in an inflatable, purpose-built touring theatre made up of two impressive, state-of-the-art show domes which faithfully recreate the magical world of this hugely popular children's television show produced by Ragdoll Productions. The show domes will have all the facilities of a regular theatre (in the smaller dome) - including box office, toilets and catering points - but these will be uniquely family-friendly with buggy parks, baby-changing areas and microwaves to heat up baby food.

This is the first time that children and parents will be able to see the iconic In the Night Garden and its much loved characters Igglepiggle, Upsy Daisy and Makka Pakka in a live event. The characters will be brought to life with full-size costumes, enchanting music, magical puppets and spectacular panoramic projections, creating an immersive theatrical experience to make audiences feel they are actually entering the magical world of In the Night Garden.

Afro Reggae

10 Artists from Grupo Cultural Afro Reggae in Rio are coming to Liverpool this summer for a four-week intensive programme of workshops, exchange, training and performances. The group coming to Liverpool involves circus artists, drummers and Afro-Brazilian dancers. This is an opportunity for young people from 15-19 to engage with a dynamic group of young people, who are actively working to change a culture of violence and drugs in their hometowns, and from these areas are now touring the world with their music and their message - Culture is Our Weapon. Afternoon workshops will take place indoors in community and youth centres and evening workshops will take place parks and outdoor spaces. For further details please contact A.Beed@everymanplayhouse.com. This summer will be the start of a longer-term relationship to when we hand the Olympic torch to Brazil in 2012, in addition to Rio hosting the next World Cup!

Cancer Awareness Health Promotion - iVan

The iVan service provides health promotion advice, lifestyle risk assessment, cancer/treatment information and support, advice for referral to a GP or nurse for visitors with symptoms, and a targeted service to specific groups and communities. iVan is staffed by two nurses and a resource assistant. iVan aims to make it easier to access a health care professional and allows the visitor to ask questions that they may not want to bother their doctor with. The van is stocked with a wide variety of written information about all cancers and there is an area at the back of the van for a private consultation with the nurses. We look forward to welcoming visitors to Croxteth Park on board.
